Crab Orchard Springs. Kentucky's Most Delightful

Summer Resort. Hotels. Capacity Four 600 Guests.

Famous Crab Orchard Springs.

As the heated term approaches, the thought arises, where shall I go to seek rest and quiet and find pleasant days and cool nights? This can be easily answered. Crab Orchard Springs for nearly a century has proven a model Summer resort, and this season promises to be the best in its history. There health and happiness can always be found. The days are never oppressively warm, while the nights are delightfully pleasant from June till October. The famous Crab Orchard water, (from which is made Crab Orchard Salts). Sulphur, Chaly-beate. Magnesia, etc., all flow from large springs close to the Springs Hotel. A new Epsom Well has been opened and the use of the Salt Sulphur Well at depot has been se-

cured. The Table. Neither money nor pains will be spared to make the table the best to be found in Kentucky. Fine cattle, mutton, pork and poultry, fattened on the Springs farm, not sur-

sed anywhere.

Improvements. The Springs buildings have all been improved, white paint and paper have been liberally used. The grounds are in the very pink of condition and present a scene lovely to behold just now. All of the walks have been regravelled. Also a complete job of plumbing just about completed from top to bettom.

Society and Amusements. Crab Orchard Springs has long been noted for the home-like feeling that pervades the entire place. The ceremonial edicts of

entire place. The ceremonial edicts of fashionable home life are laid aside, while each individual promotes his or her own happiness in contributing to the happiness Rates.

The rates are very low, considering the excellency of the service. For \$5 to \$10 per week delightful rooms and splendid fare can
